

SKY RIVER CASINO TOPS \$1 MILLION IN FEBRUARY TABLE GAME JACKPOTS AS EXPANSION EFFORTS ACCELERATE

The casino's progressive payouts totaled \$1,012,238 from February 2–28, showcasing an extraordinary winning streak just before its recent gaming floor expansion

ELK GROVE, Calif. (March XX, 2026) — Sky River Casino's table game progressive jackpots delivered an impressive \$1,012,238 in total payouts throughout February 2026, marking one of the most notable jackpot months since the casino's opening in 2022. In February, guests hit major wins across several progressive table games, including Ultimate Texas Hold 'Em (UTH) Progressive, Three Card Poker, Face Up Pai Gow, and Bonus Spin Xtreme (BSX).

While month-to-month progressive jackpots naturally vary, February's seven-figure milestone stands out as a thrilling sign that Sky River's progressives are heating up for spring.

"Sky River is the leader in table game progressives and ours were on fire last month," said Michael J. Facenda, President and General Manager of Sky River Casino. "February's results were another reminder that good fortune finds its home here at Sky River. With our gaming floor expansion complete and our resort expansion progressing toward 2027, there's more winning happening every day and well into the future."

The strong performance coincides with the recent gaming floor expansion, which has brought 312 additional slot machines and elevated the property to 2,500 total slot machines. The expanded 20,000-square-foot gaming floor will seamlessly enhance the guest arrival experience as construction nears completion on the new five-story parking structure, featuring 1,600 spaces, an enhanced valet service area, and Porte Cochere.

As one of the casino's major table game technology partners, AGS also applauded the milestone month.

"Sky River's February progressive performance reflects how innovative products like BSX can complement a well-run gaming operation," said John Hemberger, Senior Vice President and GM of Tables at AGS. "We're proud to support their vision with technology that delivers reliability, engagement, and high-performing progressive systems. We value our collaboration and look forward to supporting their continued growth."

With more than \$1 million in progressive table game jackpots paid out in just 26 days, Sky River Casino continues to reinforce its growing reputation as one of Northern California's most dynamic and rewarding gaming destinations.
